1. The data presented is taken from the Police Records Information Management Environment (PRIME) database.
2. The crime statistics published in this report are based on the day that they were analyzed. Due to ongoing police investigation and internal data quality control efforts, this information is subject to change, including addition, deletion and reclassification of any and all data. Rates and percentages have been rounded.
3. Rate is calculated on a per 100,000 rate for each month and year. As provided by Capital Region District, the 2012 and 2013 population is estimated at 100,657.
4. The % change is based on the actual values and is subject to (2).
5. As of April 2012, Victoria Police now record all abandoned 911 calls (e.g. “pocket dials”) when calculating total calls for service. They are dispatched as Priority 2 calls.
6. The line graph on page 1 and the table on page 4 are reflective of those 911 calls (“pocket dials”) not previously captured.

****Please Note** - the above table was calculated by sorting CAD calls according to Municipality and the table below was calculated by sorting CAD calls according to Neighbourhood. The 'Grand Total' includes all calls attended within and outside Victoria and Esquimalt. As a result, the numbers may not correspond.

*****Please Note** – Calls coded as Priority 2 “Abandoned 911” received at 850 Caledonia have been removed from both the above chart and below chart.

When a call comes into the Department, a call is generated in our “CAD” system. Not all “CAD” calls become an “RMS” call. Because many calls can be concluded “in CAD” without the need to generate an “RMS” (i.e. general occurrence) file, the numbers presented on this and the next page (CAD numbers) will not correspond with the totals on page 1 (the RMS numbers).
